## Kaizen

**Auger Groupe Conseil** has developed measurement, analysis, problem-solving and group-leading techniques that greatly enhance a team's chances of success. A comprehensive understanding of the problem at hand, problem-solving techniques and every member's role allows the Kaizen team to yield optimal results.

**The Kaizen method** makes use of a team's creativity in a structured and dynamic setting in order to reach a determined goal. Reaching the goal will depend solely on how staff are involved and how they take part in the process.

**Team-work strength!**

**To succeed you must:**

1. Believe in your staff;
2. Identify an important project;
3. Ensure the project does not result in job losses;
4. Assign a team lead;
5. Have determined team members.
